Dear Sir:

In response to the November 10, 2004, office action, please consider the following amendments and remarks in connection with the above-identified application.

**Amendments to the Claims begins on page 2 of this paper.**

**Remarks begin on page 9 of this paper**

As provided in the Specification on page 2, line 32, to page 3, lines 14, the present invention advantageously uses a combination of rules and tracking to monitor discussions within a forum, and then subsequently suggest and establish a new forum based on demand. Specifically, the claimed invention monitors one or more information streams until satisfaction of one or more rules is obtained. Upon satisfaction of one or more rules, a group of recipients are notified that a rule has been satisfied and requests authorization from the predetermined group of recipients to create a new forum. Upon an indication from one or more of the predetermined group of recipients that a new forum is desired, the systems and methods of the invention establish a new forum and optionally notify the participating users that the new forum as been established. Contrary to the teachings of the references, the users of the forum are not required to initiate the querying of users or the creation of a new forum. Thus, the present invention advantageously creates less load on the user.

Accordingly, in view of the foregoing remarks, the Office is respectfully requested to reconsider and withdraw the rejections of claims 1, 9, 17 and 26. Because claims 2-8, 27, 31 35, and 39-41 depend from and contain the limitations of claim 1, claims 10-16, 28, 32, 36, and 42-44 depend from and contain the limitations of claim 9, claims 18-25, 29, 33, 37, and 45-47 depend from and contain the limitations of claim 17, and claims 30, 34, 38, and 48-50 depend from and contain the limitations of claim 26, they are patentable in the same manner as claims 1, 9, 17 and 26.

In view of all of the foregoing, Applicant submit that this case is in condition for allowance and such allowance is earnestly solicited.

Respectfully submitted,

Marc S. Kaufman
